Aquamin Wins 2016 Ingredient of the Year in the Healthy Ageing Category at the 2016 NutraIngredients Awards

Marigot Ltd.'s Unique Marine Multi-Mineral Complex Named Amongst Top Ingredients, Supplements, and Finished Products at Vitafoods Europe

Marigot Ltd.
May 16, 2016 8:05 AM

GENEVA, SWITZERLAND--(Marketwired - May 16, 2016) - Aquamin was honored as the 2016 Ingredient of the Year in the Healthy Ageing category at the annual NutraIngredients Awards. Winners were announced at the NutraIngredients Awards dinner on May 11, 2016 as a part of Vitafoods Europe in Geneva, Switzerland.

"We are delighted with this award. It really highlights the level of supporting research for Aquamin and how the coverage of science has grown across multiple health areas of bone, joint and digestive health," said David O'Leary, Commercial Manager of Marigot Ltd., the creators of Aquamin. "Marigot continues innovating with Aquamin and our research program is full of new and exciting study areas which we are confident will highlight the uniqueness of this truly efficacious product -- a must for people of all age groups."

PHARMACIES HAVE NAMED LITHOLEXAL® THE BEST NEW PRODUCT 2017!

LithoLexal® has barely hit the shelves, but it has already claimed its second big win, the first being named the Ingredient of the Year and the second being voted the Best New Product by pharmacy retailers.

The new unique Bone and Joint Health product stole the attention at this year's Pharmacy Show in Birmingham, which is the largest retail pharmacy show in the UK with 400+ exhibitors and more that 8,500 pharmacists attending the show.

A UNIQUE PRODUCT

LithoLexal® sets itself apart as the only plant-based calcium product on the market, which is far easier to absorb in the body than the traditional rock-based calcium products. It is the unique formulation for bone and joint health throughout life that has earned LithoLexal® the prize as the Best New Product.

Osteo Restore™ - with Epiitalis®

Osteo Restore™ contains Aquamin™ a multi mineral complex high in elemental calcium which may assist in achieving bone mineral density and strength.

Calcium is required for normal development and maintenance of bones and teeth.

Calcium and magnesium act together in many body functions, such as the regulation of blood vessel tone and contraction of muscles, including heart muscle and nerve transmission.

This unique formulation combines Aquamin™ Forte (calcium) with Vitamin D3 and Epiitalis® - a seed oil high in essential fatty acids and patented for cartilage regeneration and repair.
